joan

Joan 6

Ideal for booking meeting rooms or showing availability when working from home.

The most popular device for reserving and managing conference rooms. It prevents double bookings, confusion, and meeting interruptions. Installed in a few minutes, gets updated in real-time, completely hassle-free.

Joan 6 can also help you to stay focused when working from home by eliminating interruptions and displaying unavailability when in meetings.

Works seamlessly with

Google Workspace · Office · EMS · Exchange · iCalendar · 25Live

Your first step towards a more productive workplace

Perfect for management of meeting rooms, huddle spaces, and home offices. Match Joan 6 with Joan Room or Joan Home subscription to boost your efficiency.

— 6-inch display
— Touch-screen technology.
— Seamlessly connects to Wi-Fi.
— Supports standard calendars.
— Cordless installation on any surface with the Magnetic Mount.
— 99% more power efficient than LCD and a battery life measured in months.
