USB-C Cable w/ Locking

Ochno provides USB-C cables optimized for using pull out type of cables in meeting rooms. They are up to 2 m long and have locking screw in one end to secure fixing to the main unit.

0.5 m version is optimized for connecting devices to the Ochno Power Conference mounted below the table. For example in-room PC or MTR-system.

Part numbers

Part number	EAN	Function	Color	Length
O-USBG2-200-2	7350113051165	Male to male with locking screw. 5A, 100W, Gen2/USB 3.2	White	2 m
