- Delivered with 2 Buttons

Creativity boosts businesses. Enabling creative meetings, brainstorms and discussions enhance team collaboration and business outcomes. With the wireless collaboration solution, ClickShare, you bring effortless ideation and efficient collaboration in your enterprise.

Enriched sharing

The CSE-200+ offers interactive collaborative experiences for medium-sized meeting rooms. It allows up to 2 persons to share content simultaneously. Simply plug the ClickShare Button into a laptop and click to get the content on the meeting room screen. The ClickShare App gives you additional features for collaboration with laptops or mobile devices. Combining Button and App stands for an even richer content sharing in the meeting room.

Stimulate creativity in your entire enterprise

The CSE-200+ was designed for enterprise rollouts. It offers enhanced security features, full seamless network integration, ease-of-mind of central management. With full BYOD support, a HDMI input for legacy equipment for smooth switching between wired and wireless sources ,a wide range of interactivity features like annotation, blackboarding and touch back support on a 4K canvas, the CSE-200+ encourages brainstorming and productivity in your enterprise.
